Club Ownership

Lakewood Ranch Golf & Country Club was acquired by Heritage Golf Group in early 2024. Heritage Golf Group is one of the fastest-growing boutique owner-operators of upscale private country clubs and high-end daily fee courses in the US. Following this acquisition, Heritage Golf Group also acquired The Legacy Golf Club, an 18-hole Arnold Palmer Signature Golf Course located adjacent to LWRG&CC. They transformed it into the fourth private course of LWRG&CC, positioning it as the only premier golf & country club in the Sarasota area with four private courses.

Learn more about Heritage Golf Group at www.heritagegolfgroup.com.

Heritage Golf Group is dedicated to enhancing the Member Experience by investing in capital improvements and upgrading the amenities of their clubs. The following section provides an overview of the planned capital improvements that will be implemented over the next few years.

Capital Improvements

Golf

All four golf courses will undergo capital improvements on a rotating schedule throughout the next few years. Each golf course will be closed for renovation with an anticipated opening based on turf conditions in the fourth quarter of its respective year. All courses will have a complete renovation of their greens and surrounding complexes. There will be additional projects to improve our courses playing conditions, including drainage, irrigation, bunkers, and tees. The estimated schedule is as follows:

1. **Cypress Links:** Currently closed for renovation, anticipated 2024 fourth quarter reopening.
2. **The Legacy Golf Course:** Currently closed for renovation, anticipated 2024 fourth quarter reopening.
3. **King's Dunes:** Future renovations in planning stages.
4. **Royal Lakes:** Future renovations in planning stages.
